

This access statement does not contain personal opinions as to our suitability for those with access needs, but aims to accurately describe the facilities and services that we offer all our guests/visitors.

## **Access Statement for Westminster College, Cambridge**

### **Main Building: Meeting and Lecture Rooms and Public Spaces**

#### **Introduction**

Westminster College is situated at the junction of Madingley Road, Queen's Road and Northampton Street. The main building is approached by a wheelchair access ramp or by steps and is only a 5 minute walk away from the city centre of Cambridge.

Once within the main building, there is flat access to all areas on the ground floor. A lift is available in the residential wing giving access to all residential floors for wheelchair users. A small, secondary wheelchair lift gives access via the first floor to the Library.

We look forward to welcoming you. If you have any queries or require any assistance please phone 01223 33 06 33 or email [accommodation@westminster.cam.ac.uk](mailto:accommodation@westminster.cam.ac.uk).

#### **Pre-Arrival**

- Westminster College is about a 10-minute walk through the city from Drummer Street Bus Station and the closest bust stop is on Bridge street about 5-minutes walk away. There is a shelter with seating. All buses can accommodate one wheelchair. Bus times can vary, for further details see Cambridge County Council website on [www.cambridgeshire.gov.uk](http://www.cambridgeshire.gov.uk).
- Direct access from the railway station is difficult. It is about a 2.5-mile walk through the City centre. Taxis are always available at the station. Buses will take you to the City centre.
- Taxis will be happy to collect you from Westminster College.
- The route to the main building is via either steps or a ramp which is adequate for wheelchair users.
- The main road outside the building has a narrow path on each side, uneven in places.

- A local company supplies equipment for hire, the nearest Shopmobility is 1.5 miles away, in The Guildhall, Cambridge CB2 3QJ and contact number is 01223 457 452.
- Our brochure with our tariffs and this Access Statement are available in larger print on request.

### **Car Parking**

- Parking is available in the front or side of the college, most of which is loose shingle.
- There is a Blue Badge car park space, which is on hard standing rather than shingle, available at the front of the building to the far right of the reserved bays. This space is also located immediately to left of the access ramp. The space can be reserved by prior request for those with access requirements.
- On street parking -'Pay and Display'- is available at the back of the college on Pound Hill.

### **Building Entrance**

- There are five steps to get to the front door – a set of three followed by a set of two - or there is a ramp. Both are well lit.
- The main door is comprised of two large wooden doors.
- The left hand side door is left open during Reception hours and is 31 inches / 79 cm wide. The right door is the same width but is generally left bolted shut. It can, however, be opened by Reception staff if required.
- The left hand side door is fitted with a fob lock for access outside of opening hours. Please note, it is not on an auto-opener.
- Once inside the main entrance the floor covering inside the entrance is tiled with an entrance rug.

### **Welcome and Reception**

- The College Office is open from 7am to 11pm daily.
- Access to the College Office / Reception area is immediately through the main external door and then to the left. The door is 31 ½ inches wide / 80cm wide.
- The door into Reception is on an auto-opener and can be operated by a push-button which is 37 inches / 94 cm height from the ground on the right hand side of the door into Reception.

- Reception is carpeted throughout.
- The main building interior can then be accessed by a door on the right which is also on an auto-opener. This door is 31 ½ inches wide / 80cm wide. Reception staff can open this door remotely.

### Halls, Stairs, Landings, Passageways

- The hallways are well lit by ceiling and wall lights.
- Passageways vary in width but all exceed 26 inches with most exceeding 31 inches.
- The floor covering is hard-wearing carpet tiles or tiled.
- Stairs are all stone but are wide and have hand-rails.
- Lifts are available in the residential area giving access to the library on the first floor and the Senatus Room.

### Toilets

- There are four sets of public toilets on the ground floor of the College.
- Accessible toilets can be found in the East Wing toilet and the Main Corridor toilets.
- East Wing toilet
  - Single unisex special access toilet on the ground floor of the East Wing.
  - This toilet is accessed through 2 doorways off the main corridor. The first door way is 34.5 inches/ 87 cm and the second is 35 inches/ 89 cm.
  - The flooring is non-slip laminate.
  - There is a clear space to the right of the toilet which is 21 inches/53 cm wide.
  - The height of the WC from the floor to the seat is 18.5 inches/47 cm.
  - There are 3 grab rails – 1 vertical, 1 horizontal and 1 vertical on the back of the door.
  - There is a red emergency pull cord located to the left of the toilet. When pulled an alarm will sound within the immediate area and an alarm will also sound in reception making them aware. The cord is also linked to our monitoring system out of hours.
  - The tap is a single lever tap.

- Main Corridor toilets
  - Unisex toilets consisting of 1 special access cubicle and 4 other cubicles.
  - These toilets are accessed through the main corridor (carpet tiles) into a small hallway area (carpet tiles) through a door way which is 37 inches/ 94 cm wide. The doorway into the toilets is 35 inches/ 89 cm wide.
  - The flooring is non-slip laminate.
  - The toilets are well lit.
  - The special access cubicle comprises of;
    - The special access cubicle door is 36inches/91cm wide.
    - There is a clear space to the left of the toilet which is 35 inches/89cm wide.
    - The height of the WC from the floor to the seat is 18 inches/ 46 cm.
    - There are 3 grab rails – 1 vertical, 1 drop down horizontal and 1 vertical on the back of the door.
    - There is a red emergency pull cord located to the right of the toilet. When pulled an alarm will sound and an alarm will also sound in reception making them aware. The cord is also linked to our monitoring system for out of hours.
    - The tap is a single lever tap.
  
- Under stairs toilet
  - Unisex toilets consisting of 2 cubicles.
  - These toilets are accessed via 2 steps from the main corridor, immediately through the door.
  - The door is 31inches/79cm wide.
  - The cubicle doors are 27.5inches/ 70cm wide.
  - The flooring is ceramic tiles.
  
- Lodge toilet
  - The toilet is along the main hallway (carpet tiles), past the Dining Hall then along corridor into the Lodge (varnished wooden floorboards and rugs).
  - The door is 32.5inches/83cm wide.
  - The flooring is ceramic tiles.

## Student Lounge

- For student use only unless a special arrangement is in place.
- The sitting room/lounge is located on the ground floor with level entry from the hallway.
- The door opening to the lounge is 36 inches / 91 cm wide.
- There are sofas, easy chairs with arms and low coffee tables.
- Furniture can be moved if required.
- Lighting is natural daylight and by night light levels can be controlled with overhead lighting which is on a dimmer switch.
- The floor is short pile fitted carpet.
- There is a subtitled enabled TV.

## Chapel

- Wheelchair accessible
- There is one entrance to the Chapel. It is 50 inches/ 127 cm wide.
- The entrance is flat access from the main hallway (carpet tiles).
- The flooring is marble.
- Once inside the Chapel, it is on split levels.
- The entrance level is on the ground floor with flat access.
- The furniture in the entrance level comprises of stackable chairs, tables and piano which can be rearranged as needed.
- The second half of the Chapel is accessed by 2 steps down or a portable ramp which is available on request. This section of the Chapel is fitted with wooden pews, which cannot be moved. The Communion table at the far end of the Chapel is situated up 3 steps from this level.
- There is also a balcony which is accessed through a small door way at the back of the chapel up a narrow windy staircase. This area is generally not accessible.
- There is a fixed hearing loop fitted.
- The stained glass means there is very low natural lighting but the room is well light by adjustable lighting around the room.

## Healey Room

- The entrance is flat access from the main hallway.
- There are two entrances to this teaching / meeting room. Both are 35 inches / 89 cm wide.
- The flooring is hard-wearing carpet tiles.

- There are two fixed screens on the wall for presentations. The room is equipped with desks and chairs with writing tablets. Both left and right handed tablets are available.
- Furniture can be adjusted and moved to suit.
- There is a fixed hearing loop fitted.

### **Cheshunt Room**

- There is one entrance to this teaching / meeting room. It is 36 inches / 91 cm wide.
- The entrance is flat access from the main hallway.
- The flooring is wood laminate.
- There is one fixed screen on the wall for presentations.
- The room is equipped with folding tables and stackable chairs, all with arms.
- Furniture can be adjusted and moved to suit.
- There is a fixed hearing loop fitted.

### **Assembly Room**

- Is on the ground floor with level entry from main hallway.
- The flooring is varnished wooden floorboards.
- There are two entrances to this room. The main entrance is from the main hallway and it is 37 inches/ 94 cm wide. The second is from the lodge corridor and it is 38.5 inches/ 98 cm wide.
- The room is equipped with 6 folding tables and 16 chairs with no arms.
- There is a banquette or long seating bench along the back of the room underneath the window.
- There are 4 low level coffee tables.
- Furniture can be adjusted to suit
- There are bookshelves of varying heights around the room.
- A portable hearing loop is available on request.
- There is good natural light as well as a main overhead light and adjustable uplighters around the room.

### Dining Room

- The dining room is large with double doors which can both be opened for access. Each door is 25 inches / 63.5 cm wide.
- There is a staged area at the end of the Dining Room which is up one step. A portable ramp is available by prior request for temporary access.
- The lighting is overhead and well lit.
- The floor is varnished wooden floorboards.
- The room is furnished with chairs and wooden tables. The furniture can be reformatted if required.
- There is a fixed hearing loop fitted.

### Lewis Room

- The entrance is along the main hallway (carpet tiles), past the Dining Hall then along corridor into the Lodge (varnished wooden floorboards and rugs), then to the left of the stairs.
- The entrance is flat access through from the Lodge hallway.
- The door is approximately 33 inches / 84 cm wide.
- The flooring is soft plush carpet.
- There is a fixed screen on the wall.
- There is a central meeting table with 16 chairs.
- There is a small bay window up two steps.
- Furniture isn't fixed and can mostly be reformatted.
- There is a fixed hearing loop fitted.

### Gibson Room

- The entrance is along the main hallway (carpet tiles), past the Dining Hall then along corridor into the Lodge (varnished wooden floorboards and rugs), then right just past the stairs.
- The entrance is flat access through from the Lodge hallway.
- The door is approximately 32 inches / 84 cm wide.
- The flooring is varnished wooden floorboards.
- There are several large pieces of furniture around the edges of the room.
- There is a central dining table with 12 chairs.
- Furniture isn't fixed but is difficult to reformat.
- There is a fixed hearing loop fitted.

## Senatus Room

- There are two ways to access this room.
- Stepped access is via a double flight of wide stone stairs off the main hallway (carpet tiles).
- Flat access is along the main hallway (carpet tiles), to the residential wing, then up to floor one in the lift (carpet tiles). Then access is up the chair lift, along the ramped corridor and through a door 34 inches / 86cm wide into the library (carpet tiles / carpet strip). Exiting the library, through a door 26 inches / 68 cm wide, the area is tiled.
- The Senatus room has double doors which can both be opened for access. Each door is 25 ½ inches / 65 cm wide.
- The flooring is varnished wooden floorboards with a large unfixed rug.
- There are 32 chairs which have arm tablets for note taking.
- There is a portable A/V unit.
- Furniture isn't fixed and can be reformatted.
- There is a fixed hearing loop fitted.

## Library

- There are two ways to access this room.
- Stepped access is via a double flight of wide stone stairs off the main hallway (carpet tiles).
- Flat access is along the main hallway (carpet tiles), to the residential wing, then up to floor one in the lift (carpet tiles). Then access is up the chair lift, along the ramped corridor and through a door 34 inches / 86cm wide into the library (carpet tiles / carpet strip).
- There are a number of study carrels or work stations within the library.
- The library contains various large pieces of furniture, most of which cannot be adjusted.
- The lighting is overhead and the room is well lit naturally.

## Tower

- Access to the tower is limited and controlled for safety reasons.
- The entrance to the tower is located half way up a set of stone stairs. There is no level access to the tower door.
- Through the tower door, there is a very narrow, windy stone staircase which leads up to the tower area.
- There is limited natural light in the tower but fixed lighting provides adequate lighting.

## Art Studio

- The art studio is located on the labyrinth lawn at the rear of the College.
- The most common access to the art studio is through an external door in the lodge. The lodge is along the main hallway (carpet tiles), past the Dining Hall then along corridor (varnished wooden floorboards and rugs).
- The external door which is 32.5 inches/82 cm wide, leads onto a patio area via 1 step.
- The patio area then leads onto a gravel area down 2 steps round to the labyrinth which is a grassed area. There is a slight incline onto the grassed area.
- The art studio is located on the other side of the labyrinth with a small patio area out the front.
- There are 3 entrance doors to the art studio. The main entrance is a single door entrance 34 inches/86 cm wide. The other 2 are double door entrances and each single door is 34 inches/86 cm wide.
- It is step free access into the art studio from all 3 entrances from the patio. If using the main entrance there is a second door leading on from an entrance hallway which is 36.5 inches/96 cm wide.
- The flooring is laminate floorboards.
- The art studio is well lit with natural light as well as built in lighting.
- The art studio is equipped with various pieces of furniture as well as easels but all can be moved to suit.
- There is one toilet in the art studio.
  - The door is 38 inches/ 89cms wide.
  - There are 4 grab rails – 1 vertical, 1 fold down horizontal, 1 horizontal and 1 vertical on the back of the door.
  - The height of the WC from the floor to the seat is 19 inches/ 48 cm.
  - There is a clear space to the right of the toilet which is 34 inches/86cm wide.
- There are multiple tables and chairs but all furniture is unfixed and can be moved.

## College grounds

- There are gardens to the front and the rear of the College.
- The front gardens are accessed from the car park (gravel and concrete). The lawn is raised and can either be accessed up 3 steps or via a ramp up to the top and then down 2 steps. There is a paved area

running through the middle of the 2 lawns and there are 2 benches on the paved section.

- The back gardens are accessed through an external door in the lodge. The lodge is along the main hallway (carpet tiles), past the Dining Hall then along corridor (varnished wooden floorboards and rugs).
- The external door leads onto a patio area via 1 step.
- The patio area then leads onto a gravel area down 2 steps round to the grassed area which contains the labyrinth.
- There is currently no seating on the back lawn.
- All our footpaths around the gardens are graveled varying in width and the narrowest point is 105cm/41.3ins.

### **Computer Room**

- On the ground floor there is a computer room furnished with store cupboards and a work surface with two computer stations.
- The door is 31 inches / 79 cm wide.
- The desk has 31 inches / 79 cm clearance from the floor.
- There are three chairs without arms which can be moved.
- The flooring is carpet tile
- There is some natural lighting and there are overhead lights providing adequate light.
- The door entry key pad is located on the door at a height of 56 inches / 142 cm. The key code can be obtained from Reception upon request.

### **Supervision Room**

- There is a small meeting room on the first floor in the Lodge, which can only be accessed via a wide carpeted stair case.
- The door is 31 ½ inches / 80 cm wide.
- There are various pieces of furniture which are not fixed and can be removed, including tables and chairs.
- The room has some natural light but is also lit by overhead lighting.
- The flooring is short pile carpet.

### Communal Kitchen

- On the second floor, which can be accessed by both stairs and a lift, there is a large communal kitchen.
- The door is 32 ½ inches / 82 ½ cm wide.
- There is a breakfast bar with stools. The breakfast bar has 41 inches / 104 cm clearance from the ground.
- There is a large table which has 44 inches / 112 cm clearance from the ground.
- There are a number of stools without backs or arms which can be moved.
- The work surfaces and units are at a height of 36 inches / 91 ½ cm.
- The flooring is non slip vinyl.
- The kitchen is well lit with natural light. There are also overhead lights.

### Communal Bathroom

- On the second floor, up 4 stone steps, there is a communal bathroom comprising of a toilet, pedestal basin, bath and over-bath shower.
- The door is 27 ½ inches / 70 cm wide.
- The toilet is 17 inches / 43 cm clearance from the floor.
- The pedestal basin is 32 ½ inches / 82 cm clearance from the floor.
- The basin has a single mixer tap for hot and cold water with a lever handle.
- The bath height is 22 inches / 56 cm in height.
- The bath has a mixer tap, serving both the bath and the over-head shower. The turn handle on the left adjusts the water temperature and the turn handle on the right adjusts the water pressure.
- The flooring is non slip vinyl.
- There is no natural lighting but the room is well lit with an overhead light and a shaver style light over the mirror above the basin.

### Laundry Room

- On the ground floor there is a laundry room containing 2 washing machines, 2 tumble driers, irons and an ironing table fixed to the wall.
- The door is 32 inches / 81 cm wide.
- The ironing table has a height of 36 inches / 91 ½ cm.

- The coin operated tumble driers and washing machines are front loading, with the lowest point in the door being 14 inches / 35 ½ cm and the highest being 31 inches / 79 cm from the ground.
- The coin slot and control panel is at a height of 41 inches / 104 cm.
- The flooring is non slip vinyl.
- There is natural light during the day and the room is well lit with over-head lighting.

### **Archive Rooms**

- There are two archive rooms. Access to both rooms must be arranged in advance through the Archivist.
- The New Archive room is located on the ground floor.
  - The door is 31 inches / 79 cm wide.
  - There are large permanent storage shelves which can be moved mechanically.
  - The room is temperature and humidity controlled.
  - There is no natural light but the room is well lit by over-head lights.
  - The flooring is carpet tile.
- The Stanley Burns room is located on the first floor in the Lodge, which can only be accessed via a wide carpeted stair case.
  - The door is 32 inches / 81 cm wide.
  - There are large permanent storage shelves which are fixed.
  - The room is well lit by natural light and also by over-head lights.
  - The flooring is short pile carpet.

### **Fire Assembly Points**

- There are two fire assembly points.
  - The main fire assembly point is inside the main gates, facing the mini roundabout, to the right hand side as you exit the building. It is accessible by steps or a ramp.
  - The second fire assembly point is outside the back gates on Pound Hill. It is accessible by steps only.

## **Fire Refuge Points**

There are three fire refuge points in the building to be used in case of emergency when the lifts are not in use. All three refuge call points are linked to the fire monitoring system.

- There is a refuge point on the first floor in the residential wing, near room 114. It has a refuge call point installed.
- There is a refuge point on the first floor located just outside the library. It has a refuge call point installed.
- There is a refuge point on the second floor in the residential wing, near room 214. It has a refuge call point installed.

## **Access from Westminster College to our campus partners**

There are instances where guests and visitors may also wish to visit our Campus partners. Each has a number of different routes, outlined below. Please note, distances are approximate and start from the Westminster College exits to the entrance points of the other campus partners.

### **The Woolf Institute**

**From within the Westminster College building, exit via the back lodge door (approximately 45 metres / 49 yards).**

- The door is through a 38 inches/96.5 cm wide archway on wooden floorboards then immediately to the right is a push to open button.
- The External Lodge door is automated and is 30 inches/76 cm wide.
- The door exits on to a wide paved, gentle ramp which is 54 inches/137 cm wide.
- After turning left at the bottom of the ramp, then left again, the flags continue around a corner to the right with one gentle ramp all the way to the Woolf front door.
- The entrance to the Woolf building is a large double door, 67 inches/170 cm wide. There is an intercom located 40 inches/101.5 cm from the ground outside of the main door.
- Once inside, this leads into the Reception area which is carpeted.
- Inside there is a narrower door into the main building which is 36 inches/92 cm wide.

**From the Westminster College building, exit via the main door, then through the car park (approximately 85 metres / 93 yards).**

- Go down either the 5 steps or the gentle ramp.
- The ramp leads onto a tarmacked area, then turn right onto either a narrow tarmacked path which is 26 inches/66 cm or onto gravel, then tarmac, then gravel.
- The steps lead onto tarmac, then turn right onto gravel.

- The Woolf building area has blocked paving as you approach. Turn right, then left into the Woolf building.
- The entrance to the Woolf building is a large double door, 67 inches/170 cm wide. There is an intercom located 40 inches/101.5 cm from the ground outside of the main door.
- Once inside, this leads into the Reception area which is carpeted.
- Inside there is a narrower door into the main building which is 36 inches/92 cm wide.

**From the Westminster College building, exit via the main gates, along Madingley Road on pavement, then through the Woolf gates (approximately 100 metres / 109 yards).**

- From the Westminster College car park, exit out of the main gates which are 125 inches/ 317.5 cm wide, onto tarmac.
- To the right is a dropped curb, connecting to a mostly even tarmac path along Madingley Road.
- The Woolf gate entrance is to the right, and is 49 inches/124.5cm wide.
- From the gate, there is a paved, gently ramped path to the Woolf building on the left.
- The entrance to the Woolf building is a large double door, 67 inches/170 cm wide. There is an intercom located 40 inches/101.5 cm from the ground outside of the main door.
- Once inside, this leads into the Reception area which is carpeted.
- Inside there is a narrower door into the main building which is 36 inches/92 cm wide.

### **The Cambridge Centre for Christianity Worldwide (CCCW)**

**From within the Westminster College building, go through the internal door.**

- Starting in the main building in the Lodge, go along the carpet tiled corridor towards the CCCW internal door which is 31 inches/79 cm wide.
- Once through the door, there is a carpeted area followed by 2 carpeted steps.
- At the bottom of these steps, there is carpet leading to another door which is 32 inches/81 cm wide.
- This leads into the CCCW centre, which is carpeted.

**From the Westminster College building, exit via the main door, then through the car park (approximately 60 metres / 65.6 yards).**

- Go down either the 5 steps or the gentle ramp.
- The ramp leads onto a tarmacked area, then turn right onto either a narrow tarmacked path which is 26 inches/66 cm or onto gravel, then tarmac, then gravel.

- The steps lead onto tarmac, then turn right onto gravel.
- As you approach CCCW, there is a wide, paved, stepped entrance with 3 steps, or a gentle ramp which is 33 inches/84 cm wide at the narrowest point.
- The main entrance door to CCCW is 43 inches/109 cm wide. There is an intercom located 55 inches/140 cm from the ground outside of the main door.

### **The Cambridge Theological Federation (CTF)**

**From the Westminster College building, exit via the main gates, turning right along Madingley Road on pavement, turning right up Lady Margaret Road (very difficult to manoeuvre) then through the ERM C gates (approximately 220 metres / 240.5 yards).**

- From the Westminster College car park, exit out of the main gates which are 125 inches/ 317.5cm wide, onto tarmac.
- To the right is a dropped curb, connecting to a mostly even tarmac path along Madingley Road.
- Turning right, up onto Lady Margaret Road, there is a very narrow and steep path on a tight corner with the curb leading onto the road.
- The path is then uphill along a tarmac, pot-holed path.
- Reaching the wide, double gates labelled ERM C, which measure 119 inches/302 cm, turn right.
- This leads to a wide, flagged area. Following it straight, there is 1 step up, joining the ramp to the CTF front door.
- Following the flagged area straight, then around to the left, then back to the right again leads along a wide, gentle, paved ramp to the front door.
- There is an intercom located 34 inches/86.5 cm above the ground, outside the main CTF door.
- The CTF door is 44 inches/112 cm wide.

**From the Westminster College building, exit via the main gates, turning left to follow Northampton Street, then left up Pound Hill, along Haymarket Road, then turning left down Lady Margaret Road then through the ERM C gates (approximately 320 metres / 350 yards).**

- From the Westminster College car park, exit out of the main gates which are 125 inches/ 317.5cm wide, onto tarmac.
- To the left is a dropped curb, connecting to a mostly even tarmac path along Northampton Street.
- At the intersection of Pound Hill and Northampton Street, cross the street using the dropped curb onto the road and cross over to the pavement outside of the Punter pub. Turning left up the hill on the pavement, this leads from tarmac, onto paving blocks, onto a small

area of cobbles and the back onto tarmac. The pavement is 40 inches/101.5 cm at the most narrow point.

- At the corner of Pound Hill, cross over the road via cobble stones onto the left hand side path along Haymarket Road, then back onto tarmac pavement via the dropped curb.
- Follow this tarmac, mostly even, path along Haymarket Road then turn left and down onto Lady Margaret Road. The path is 35 inches/189cm at the most narrow point.
- Turn left into the second gate (marked ERM) which takes you through wide, double gates measuring 119 inches/302 cm.
- This leads to a wide, flagged area. Following it straight, there is 1 step up, joining the ramp to the CTF front door.
- Following the flagged area straight, then around to the left, then back to the right again leads along a wide, gentle, paved ramp to the front door.
- There is an intercom located 34 inches/86.5 cm above the ground, outside the main CTF door.
- The CTF door is 44 inches/112 cm wide.

**From the Westminster College building, exit via the Lodge back door, going through the grounds, up stairs and over grass (approximately 100 metres / 109 yards).**

- The door is through a 38 inches/96.5 cm wide archway on wooden floorboards then immediately to the right is a push to open button.
- The External Lodge door is automated and is 30 inches/76 cm wide.
- The door exits on to a wide paved, gentle ramp which is 54 inches/137 cm wide.
- After turning left at the bottom of the ramp, then left again, the flags continue around a corner to the right with one gentle ramp all the way to the Woolf building.
- At the Woolf building, turn right on to bricked pathway which leads to stairs.
- Go up the 7 wide, stone paved steps (there is no handrail), to a gravel area followed by a further 5 stone paved steps (there is no handrail).
- This leads onto a grassed, slightly uneven area. Follow the grass path around the right of the building. The path is 26 inches/66 cm at the narrowest point.
- The path leads you down the side of the building, over a slightly raised drain cover, then onto gravel path and through a gate, 44 inches/112 cm in width.
- Following the path, there is a tight left hand turn onto paved area, which is 33 inches/84 cm wide. The paved area is up a small step of 1.5 inches / 4cm.
- Follow the paved area straight, then around to the left which leads to a wide, gently ramped area.

- Following the flagged area straight, then around to the left, then back to the right again leads along a wide, gentle, paved ramp to the front door.
- There is an intercom located 34 inches/86.5 cm above the ground, outside the main CTF door.
- The CTF door is 44 inches/112 cm wide.

### **Additional Information**

- The nearest A&E unit is at Addenbrookes, only 2 miles away and the nearest Doctor surgery is only 1 mile away.
- Further information is available in our Guests Directory.
