

Pandemic College Response

03COV. Westminster College Visitor Policy (including during a pandemic)

Created Tuesday 25th August 2020, applies from 20th September 2020

1. Who the policy applies to:

This policy applies to people wanting to visit Westminster College.

2. Why the policy is needed:

This policy sets out the visitors who are welcome at College, in each of the five Phases relating to a virus, like COVID-19, UK Alert Levels, and associated arrangements.

3. Policy principles:

The College website will officialise and identify which phase the College is currently operating within before inviting visitors into the College, currently under the COVID-19 Response Page. For the period of time that the UK Government indicates that there is a pandemic in England, Westminster College operates according to its published Generic Risk Assessment, available on the website.

4. Definition:

An official visitor is someone who is not a member of the College, but does have a legitimate reason for being on site for a scheduled meeting or appointment of a planned duration. Examples include students visiting for supervision by a College member. A guest invited to an event, such as dinner, by a College member. A supplier making deliveries, a consultant invited to a meeting by a member of staff, or a contractor carrying out routine, planned or emergency work. A family member visiting a member of the College. If in doubt, please contact Reception in advance, allow 72 hours minimum prior to arrangements.

5. How it applies:
